Serving Others

The Space Coast of Florida (Brevard County) is about 1 hour East of Orlando. While Orlando is home to the Happiest Place on Earth (Disneyworld) as well as Universal Studios, all around the area there are communities that struggle with crime, poverty and lack of education. On the Space Coast this can be a much more stark contrast with Nasa, SpaceX, Northrup Grumman and others who are reaching for the stars while in the next neighborhood there are people struggling to survive.

World Wide Village is partnering with the churches and other ministries in these areas to improve the lives of these people and bring the Gospel into their communities. Our goal is to make sure that the help we provide is beneficial and sustainable by the local church so that follow up will take place.

Service projects range from home repair to yard clean-up and maintenance. Students will have the opportunity to interact with kids in the community at various churches and to see how God is

What Does it Look Like?

Typical Week VBS

Day 1: (Sunday)

Arrive and get oriented

Day 2: a.m. VBS – p.m.

Local Service Project

Day 3: a.m. VBS – p.m.

Local Service Project

Day 4: a.m. VBS – p.m.

Kennedy Space Center

Day 5: a.m. VBS – p.m.

Local Service Project

Day 6: a.m. VBS – p.m.

Explore the area

Day 7: (Saturday)

Heading home.

Typical Week Service Project

area

Day 7: (Saturday) Heading

home.

working through local ministries.

VBS Trips give students the opportunity bring the Gospel to the children in these communities and be an encouragement to them each morning. In the afternoons the group will serve at a local ministry to get a flavor of what God is doing throughout the area.

How Can You Help

Service Projects

Groups will do a variety of home repair projects such as home reconstruction, clearing and cleaning. Other locations will include churches, schools and ministries that need assistance.

VBS and Ministry Opportunities

Ministry can include Vacation Bible School, sports outreaches, or youth group events.

Fun Opportunities

Kennedy Space Center, paddle boarding, kayaking, beach, shopping etc.
